

Valley Falls Police Department

Marcus F. Koch – Chief of Police

City Council Meeting – 02.03.2021

- I want to remind everyone of the ways to report suspicious or criminal activity:

Telephone system: 785.945.3434 goes to on-duty officer or rolls over to Jefferson County Dispatch

The on-line reporting portal through the Police Department website (just three clicks)

QR symbol is being added to the back of our business cards - scan with phone and it will go directly to the on-line reporting portal.

QR symbol flier will be distributed to every dwelling and business in town later this month (is also is a reminder of the Neighborhood Watch program)

- I continue to urge timely reporting to the police - reporting at the time that one sees something

- Everyone should already have a copy of the January Activity Report.

- I am researching a grant source for new ballistic vests

- I am requesting a Police Committee meeting prior to the next council meeting

- Everyone should already have a copy of the January Activity Report
